

23 July 1982

NOTE FOR: All NIOs

FROM : H. F. Hutchinson, Jr.
VC/NIC

SUBJECT : Meeting with DCI this Afternoon

Harry Rowen intends to provide you with a few brief notes about possible topics for this afternoon. In addition, I would like to point out that the DCI raised this morning the issue of the NIO responsibility in the collection arena. He has remarked several times that NIO's should follow their estimative work with some actions to stimulate the collection process. The DCI also has asked about NIO initiatives in collection issues of warning and long-term intelligence problems. He has been told about the collection tutorials in the NIC and about some of your collection-related activities. He may raise this subject this afternoon.

H. F. Hutchinson, Jr.
